

Making the Canadian Border Smarter & More Secure

eManifest Information Session... Know Before you GO!

Pacific Customs Brokers will be offering *eManifest Information Sessions* to be presented by the **Canada Border Services Agency**. In September 2010, the third phase of Advance Commercial Information (ACI), known as eManifest, will be implemented. When eManifest is fully implemented, carriers, freight forwarders and importers in all modes of transportation will be required to electronically provide the CBSA with cargo, conveyance, crew/passenger, secondary and importer data before goods arrive in Canada. This information session will help you understand how eManifest affects your truck freight entering Canada and how to prepare for its implementation. Join us to hear the CBSA eManifest Coordinator for the Pacific Region as she speaks about the time-lines, requirements of eManifest and what will be expected from trade partners. Time has been allotted for questions and answers following each session.

Topics of the Session Include:

- ▶ CBSA Mandate
- ▶ International commitments & partnerships
- ▶ CBSA & other government departments' programs
- ▶ Introduction to eManifest
